## (PERMIT TERMS CONTINUED)

The depth of the well under this permit shall not in any case exceed sixty feet in depth nor shall the well penetrate any confining layer below this shallow aquifer.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from each well, the use of the water and the depth to water in this well or any monitoring well.

Water quality samples shall be taken from each well on a quarterly basis, analyzed for total dissolved solids (TDS), pH and sulfates ( ${\rm SO_4}$ ), and reported to this office along with the appropriate monthly report.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 56617, 56618, 56619, 56620, 56621, 56622, 56623, 56624, 56625, 56626, 56627, 56628, 56629, 56630, 56631, 56632, 56633, 56634, 56635, 56636, 56637, 56638, 56639, 56640, 56641, 56642, 56643 and 56644 shall not exceed 302 acre-feet annually.

The State retains the right to regulate the use of the water herein granted at any and all times.
